

Attendance Management Plan and supporting STAR procedures

Strategic Priorities

Regular school attendance is important for students to achieve their educational potential. The government target is that 80% of students will be regularly attending school by 2030. In 2025, with significant absences through illness in particular, our "Regular" attendance sat at 53%. We hope to increase this to at least 70% across the year in 2026.

Board responsibilities

The board is responsible for taking all reasonable steps to ensure that the school's students attend the school when it is open for instruction.

The board will comply with the provisions in the legislation in relation to student attendance by:

- having a commitment to support students return to regular attendance
- having processes and procedures in place to support a Stepped Attendance Response to student absence that uses data-based thresholds to identify students
- recording all absences, and responding accordingly
- having an effective method in place for identifying and monitoring student absence, including identifying patterns and barriers to student attendance
- publishing this attendance management plan on the school's website.

Principal responsibilities

The principal is responsible for:

- developing and implementing a stepped attendance response aligned with the thresholds to support student attendance
- ensure that student absence is investigated, responded too and actions taken recorded aligned with the thresholds
- ensure all students, whanau and staff understand the processes and procedures that support student attendance
- Report to the board on any trends, barriers to attendance and interventions being used to support student attendance.

Monitoring

The principal will maintain reporting of daily attendance data.

At the end of each term the principal will complete the tracking sheet, of any individual students of concern. This includes analysis of why the attendance was low, and appropriate actions carried out.

The board will receive termly attendance reporting- including information provided by the Every Day matters report. Included in this reporting will be any emerging trends, barriers to attendance, and areas of concern for the board's consideration.

Attendance Management Procedure- Stepped Attendance Response

We recognise the importance of regular attendance to help our students achieve their educational potential.

Our attendance procedures ensure students are accounted for during schools' hours. This allows school staff to identify and respond to student attendance concerns.

We have a stepped attendance response to ensure we are able to identify students and offer appropriate interventions at the thresholds to support students to return to regular attendance.

We have annual targets for student attendance and work with students, parents and caregivers, staff and external agencies, where necessary to improve our levels of student attendance.

Parent/Whanau responsibilities

- ensure students attend every day they are able
- reinforce good attendance habits
- open communication with the school
- follow the school's attendance management plan and associated attendance policies and procedures.

School responsibilities

- clear communication to parents and students on attendance expectations on enrolment, at the start of the year and each term
- communicate to parents what steps the school will take if the student is absent from school
- monitor student attendance
- provide students with regular updates on their own attendance
- report regularly to parents on attendance of their child.

School Procedures

The principal will appoint staff and delegate duties, so as to manage the recording of electronic student attendance register and the follow-up procedures for non- attending students.

Non-teaching staff with duties associated with our attendance system will support teachers to maintain accurate up-to-date attendance information.

Classroom teachers are responsible for recording student attendance to their class each half day basis.

Classroom teachers are responsible for maintaining accurate and up-to -date records and supporting the attendance systems. They will also monitor and follow-up on lateness and attendance and other attendance issues.

Senior leaders are responsible for monitoring student attendance for their respective groups, ensuring that parents are informed of attendance concerns.

Parents will receive student attendance data via twice yearly reporting.

Outside agencies will be used as appropriate to support attendance.

Attached is the Stepped Attendance Response Activities for our school. Any action taken can be considered at any threshold. All actions taken to respond to absences will be recorded in SMS.

School Stepped Attendance Response Activities

Below is our stepped attendance response for responding to individual student absence. Actions can be taken at any stage and there is no requirement to wait for a student to be identified at a threshold to take action to address non attendance.
